

RESPONSE TO OFFICE ACTION - Page 5 of 5

The present claims now recite a fan in conjunction with other elements. As now claimed, distinguishes the present invention from the other cited references.

The Section 112 grounds for rejection have been overcome by the claim amendments and the amendment to the drawings enclosed herein.

Accordingly, it is believed that the present claims are now in condition for allowance. Please phone the undersigned to resolve any formalities that have not yet been addressed.

Respectfully submitted,
